

How to Join a Remind Group

1. Take out your phone.
2. Prepare to send a text.
3. Type in the *'phone number'* **81010**
4. In the message area, type in the *'code'* for the group you're trying to join. The one shown in the picture to the right puts you in the **'Weather Alert Group'**. (If services are canceled due to weather, you'll get a text.) To join any of the other groups, you would just substitute that group's code.
5. Hit **SEND!** You're done!*
